

iproplan® was founded in 1950 in Chemnitz as a branch office of the “Industrie-Entwurf VEB Berlin”. In 1991, the company passed into private hands and changed its name into **iproplan®** Planungsgesellschaft mbH.

Nowadays, **iproplan®** is a modern consulting company for construction and environment which realises innovative design services for ambitious projects both at the domestic market and abroad.

Beside its headquarters in Chemnitz, the **iproplan®** group disposes of various offices in Germany, i.a. in Berlin, Hamburg, Dresden and Leipzig as well as international offices in Europe and Asia.
